Education

Aditya College of Engineering & Technology,
Andhra Pradesh Nov 2022 – May 2026
B.Tech in Computer Science GPA: 8.5/10.0

Andhra Pradesh Residential Junior College,
Srikakulam Jun 2020 – May 2022
Intermediate (MPC) Percentage: 94.1%

Andhra Pradesh Residential School, Srikakulam
Jun 2017 – May 2020
High School Percentage: 99.33%

Technical Skills

Languages: Java, Python, C++, C, JavaScript, HTML, CSS

Cloud Platforms & Services: AWS (EC2, S3, RDS, Lambda, CloudFormation, IAM, Elastic Beanstalk)

DevOps & Tools: Docker, Kubernetes, Ansible, Jenkins, Git, CI/CD pipelines

Databases: MySQL, Microsoft SQL Server

Concepts: OOP, Data Structures & Algorithms, RESTful APIs, Microservices, Agile, Testing

Certifications

- RHCSA – Red Hat Certified System Administrator (2024)
- Java Certification – Pearson Certiport (2024)
- HTML, CSS, Python – Pearson Certiport (2023)
- Problem Solving – HackerRank (2023)
- C++ and Python Problem Solving – CodeChef (2023)

Coding Profiles

- **CodeChef:** 1-Star — 600+ problems solved
- **LeetCode:** 48 problems solved
- **HackerRank:** 5-star in C, C++, Python, Java, and 30 Days of Code

Languages

Telugu: Native **English:** Fluent

Professional Summary

Goal-oriented Software Developer skilled in **Java**, **Python**, and **cloud computing** with hands-on experience in **AWS services** including **Elastic Beanstalk**, **EC2**, **S3**, and **RDS**. Proficient in designing and deploying **scalable backend architectures**, **RESTful APIs**, and **CI/CD pipelines**. Demonstrated expertise in **data structures**, **algorithms**, and **software development lifecycle (SDLC)**. Adept at collaborating in Agile teams and applying DevOps principles for continuous integration and delivery.

Experience

Web Development Intern — InterPe Aug 2023 – Sep 2023

- Developed responsive and interactive **front-end** components using **HTML5**, **CSS3**, and **JavaScript** enhancing UI/UX.
- Built dynamic web applications using **DOM manipulation** and event-driven programming.
- Improved page load time by 20% through optimization and efficient coding practices.
- Collaborated in Agile team environment, participating in code reviews and sprint planning.

Projects

Deploying Full Stack Application using AWS Elastic Beanstalk

- Architected and deployed scalable full-stack web applications leveraging **AWS Elastic Beanstalk**, **EC2**, **S3**, and **RDS**.
- Automated deployment processes through **CI/CD pipelines** ensuring zero downtime and improved release cycles.
- Configured **IAM roles** and **security groups** for secure cloud infrastructure.
- Enhanced system reliability and scalability by applying **cloud-native best practices**.

Browser-Based Snake Game

- Developed an interactive browser game demonstrating mastery of **JavaScript** logic, **event handling**, and **state management**.
- Implemented responsive design to support multiple devices.

Achievements

- Selected for NSP Scholarship (Top 3000 nationwide)
- Developed and deployed cloud-native applications with zero downtime
- Achieved 98% QA success rate during internship roll-out
